A black and white photograph of two hockey players in an arena. The player on the right is wearing a Bauer helmet and a jersey with 'PORTLAND OLD' and 'SA' visible. Both players are smiling. The background shows the arena's ceiling and lights.

DELIVERING BUSINESS SOLUTIONS IN THE ERA OF AI

RIGHT SOLUTIONS

With our expertise, we provide solutions by understanding your business problems & goals.

RIGHT OBJECTIVES

We prioritize your business goals and deliver successful solutions that align with them.

// AUTONOMOUS AI AGENTS

OUR APPROACH

In today's fast-paced digital landscape, businesses are constantly seeking innovative solutions to stay ahead of the competition. Autonomous AI agents can significantly enhance operational efficiency and decision-making processes. SaaSberry Labs, with its extensive experience in AI and data strategies, is uniquely positioned to deliver comprehensive AI solutions.

AI AGENT / ART OF THE POSSIBLE

Our expert will collaborate with key positions in a specific operation or division within your organization during a condensed productive session. The outcome will be a practical use case that provides actionable next steps.

AI AGENT / ACTIONABLE LAB

The AI Agent Lab is a customized session built around your pre-discussed objectives delivered by our experts. Our direct business approach to arrive at results fast & efficient while prioritizing clarity.

AI AGENT / PROOF OF CONCEPT LITE

Accelerate your enterprise AI journey with our agile Agentic AI service. Quickly explore, and test AI solutions, minimizing risk and cost. Transform opportunities into reality swiftly and affordably.

AI AGENT / PROOF OF CONCEPT

Rapid discovery, that is the goal of the PoC. This is the ultimate business experiment. Quickly validate the solution to your objectives. In one week, we deliver an AI PoC. It is a tangible AI experimental application that is specific to your use case.

AI AGENT / MVP PILOT

At SaaSberry, we build an actual working, pilot AI agent in your environment that drives efficiency and innovation. Unlike other providers, you will have a functioning AI agent.

// AI AGENT / ART OF THE POSSIBLE

RAPID EXPLORATION TO ROI

This rapid collaboration with key positions in a specific operation/division will arrive at a high value, high feasibility use case. With our expertise & experience, we can rapidly formulate a solution with your team. We can deliver this remotely or in-person saving you time and money.

✓ WHAT YOU GET

EXPERTISE

// Our AI & usability expert will guide the solution.

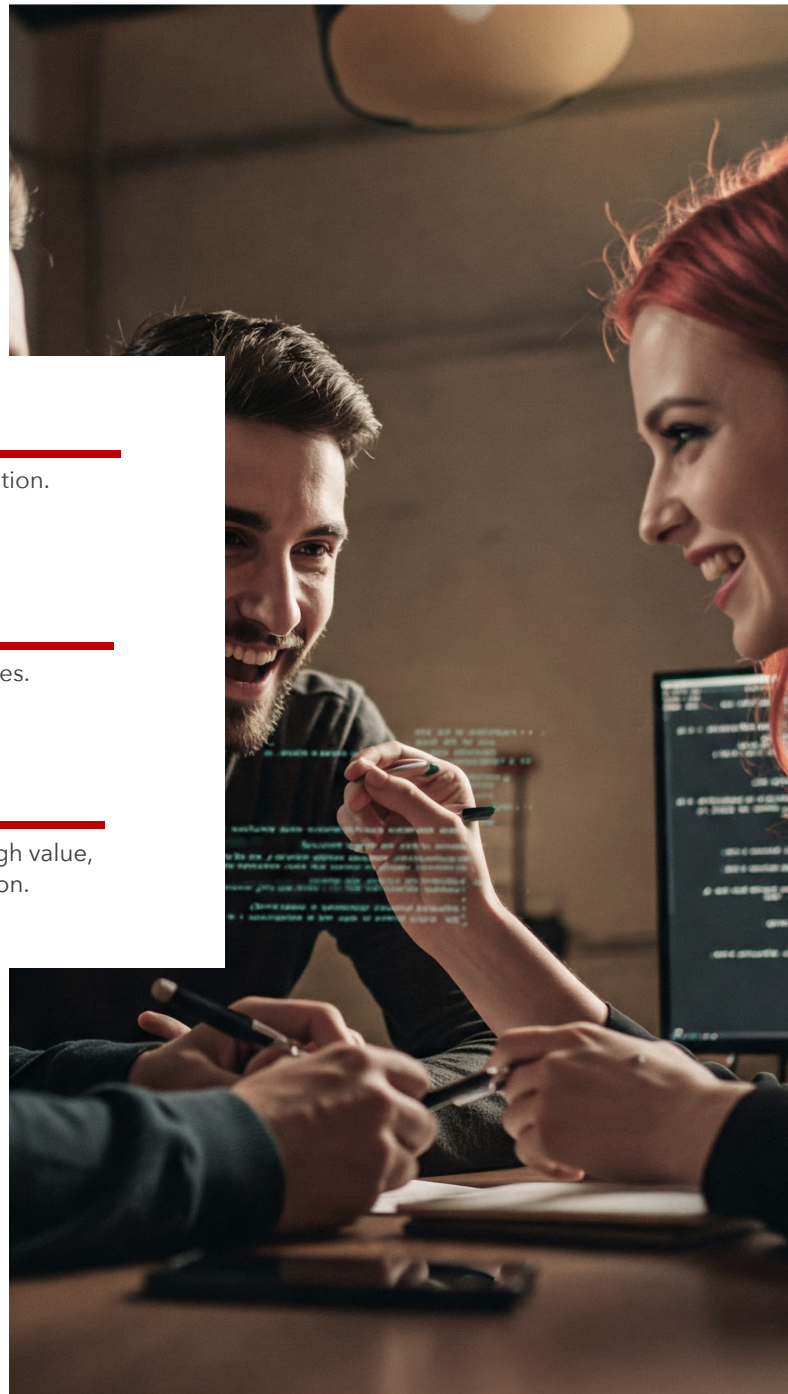

USE CASE DEVELOPMENT

// Rapid iteration and development of use cases.

SOLUTION

// The 'how-to' for use case that delivers on high value, high feasibility. This is a visual story for execution.

RAPID VISION

// AI AGENT / ACTIONABLE LAB

TRANSFORM YOUR BUSINESS

Engage us for an exclusive in-person lab designed to identify custom agentic AI solutions with data centric strategy. Our lab cuts through the noise to deliver clear solutions based on your business objectives.

✓ WHAT YOU GET

EXPERTS & SPECIALISTS

// Dedicated engagement with our AI & usability experts with decades of experience.

USE CASE ANALYSIS

// Business and technical use case report.

USE CASE PRIORITIZATION

// Prioritize your use cases based on our AI business experience framework. Identify high value, high feasibility.

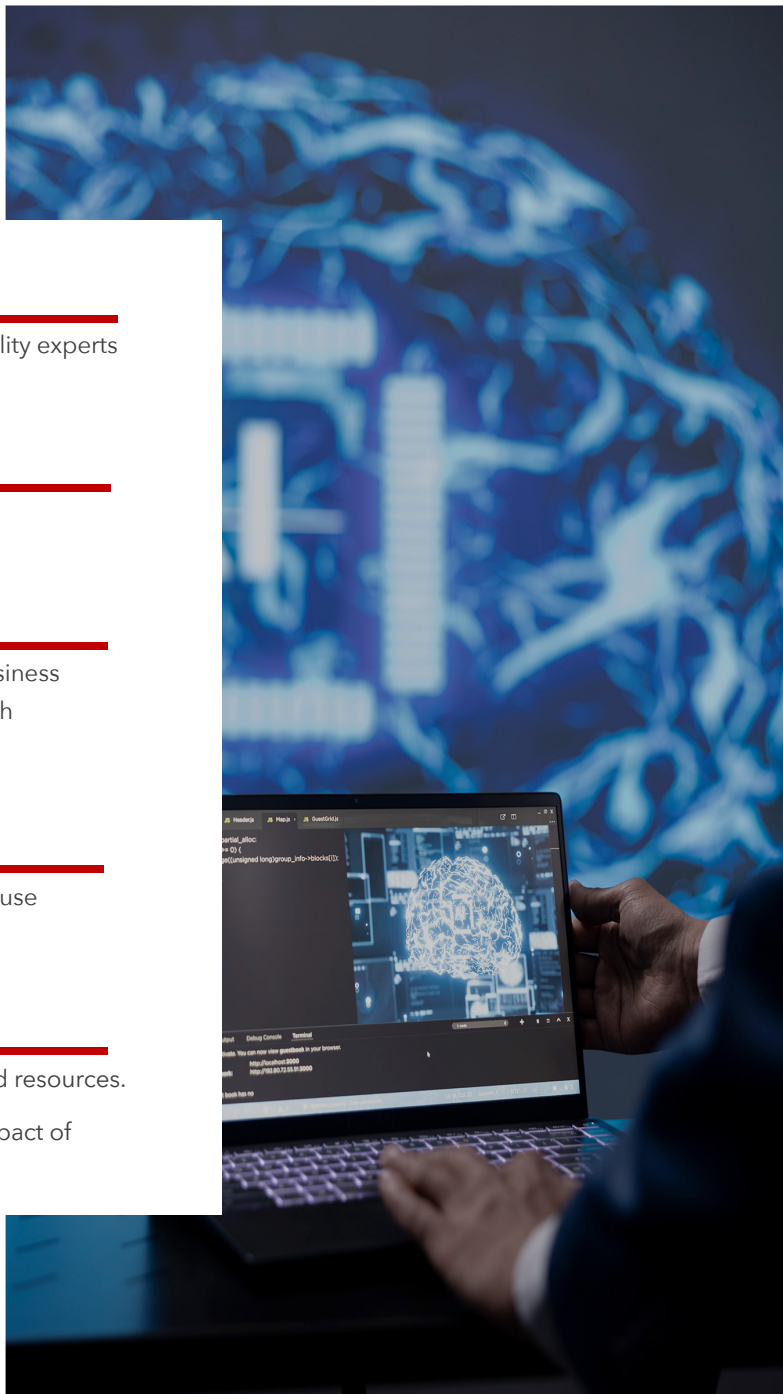

FEASIBILITY ANALYSIS

// Technical feasibility report on the prioritized use case.

ROADMAP

// Implementation plan with defined steps and resources.
// Establish success metrics to measure the impact of your AI agent solution.

FROM AI TO SOLUTION

// AI AGENT / PROOF OF CONCEPT LITE

PROOF OF CONCEPT LITE

Unlock Rapid, Cost-Effective AI Innovation

Accelerate your enterprise AI journey with our PoC Lite service. Quickly explore, and test AI solutions, minimizing risk and cost. Gain immediate insights and actionable results with low upfront investments.

✓ WHAT YOU GET

LEARN

// Unlock key learnings through experimentation & exploration. That is the key objective of our AI Agent PoC Lite service.

BUILD

// Our agile, rapid build team will build your exploration PoC to prove out a business objective.

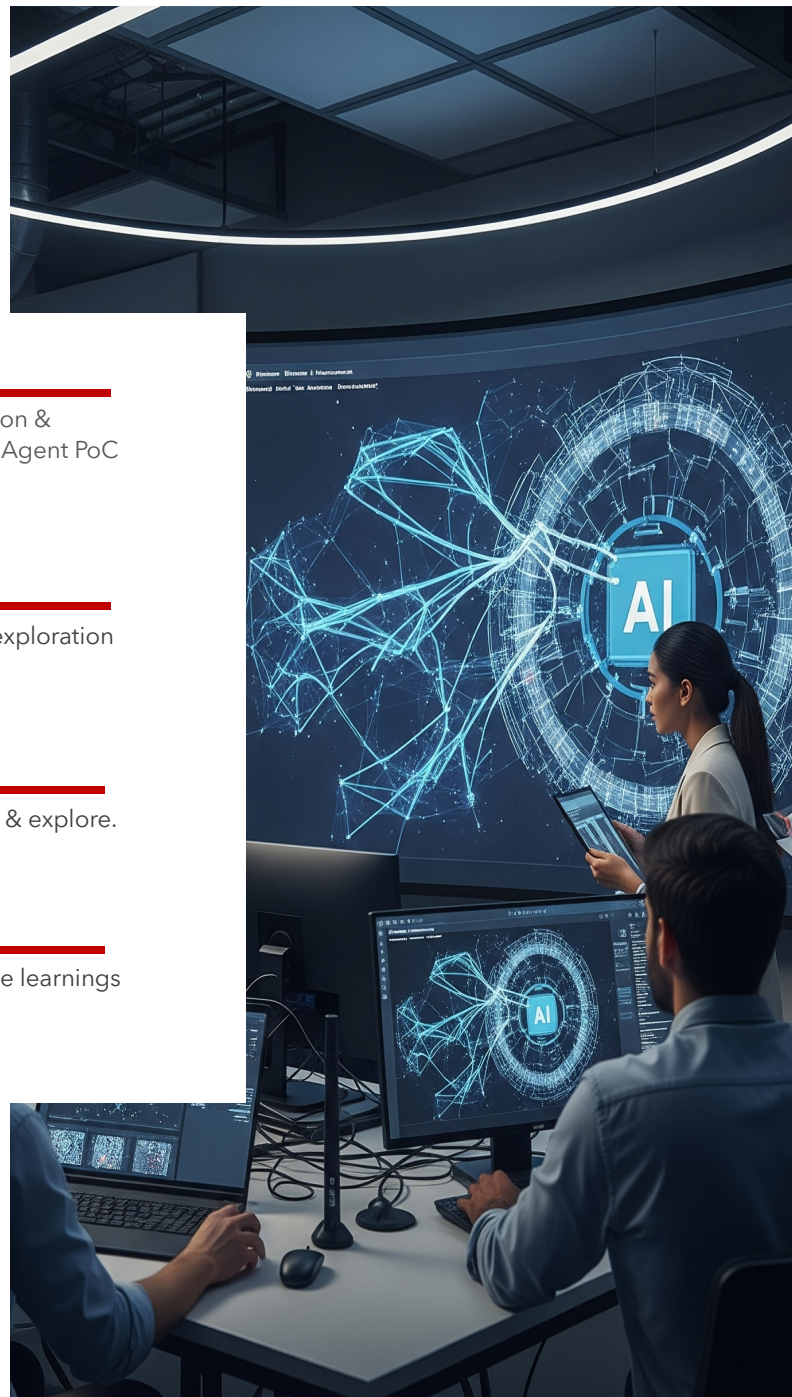

DELIVER

// Launch AI PoC Lite for your team to engage & explore.

ROADMAP

// Our team will collaborate with you to analyze learnings and plan next steps.

AI Exploration

// AI AGENT / PROOF OF CONCEPT

PROOF OF CONCEPT

This high velocity discovery & build sprint starts with a user case prioritization. SaaSberry's experts will develop a proof of concept (PoC) in a week. This rapid build generates insights, identifies challenges, and helps make informed decisions.

✓ WHAT YOU GET

DISCOVERY SESSION

// Identify & prioritize a single use case from multiple based on SaaSberry's high value, high feasibility framework.

DESIGN

// Our business analyst, architect, engineer, data engineer and designer will design a PoC aligned with the use case & business objective.

BUILD & TEST

// Engineering build of the PoC AI agent solution.

// Test & iterate.

PROOF OF CONCEPT

// Launch AI PoC for your team to explore.

ROADMAP

// Implementation plan for a prototype or production build with defined steps and resources.

// Establish success metrics to measure the impact of your AI agent solution.

Rapid Discovery

// AI AGENT / MVP PILOT

A PILOT AI AGENT (MVP)

Pilots are essential first steps before developing a full production AI agent. We deliver a fully functioning AI agent in your environment. The insights gained provide accurate feedback and learnings for the next step.

✓ WHAT YOU GET

PROCESS + DATA ANALYSIS

- // Analyze the data assets and infrastructure.
- // Map the user and customer workflows and processes.

USE CASE ANALYSIS

- // Business & technical analysis to align scope & requirements

BUILD

- // Development of AI pilot.
- // Develop guardrails.

TEST + ITERATION

- // Test & fine-tune successive releases of AI agent against progressively differentiated dataset & scenarios.

MVP PILOT + ROADMAP

- // Release working pilot AI agent to beta users.
- // Develop plan for feedback and measurement.
- // Next steps report that maps out production scaling up and enterprise-wide build.

Validation Through Prototype

// AI AGENT / ENTERPRISE

REVOLUTIONIZE YOUR ORGANIZATION

Transformation begins with prototypes. This is followed by the *enterprise build* where the organization can fully realize the potential of AI & autonomous AI agents.

"Innovation distinguishes between a leader and a follower."

✓ WHAT YOU GET

SCOPE ANALYSIS

// Determine scope for production AI build & set business objective.

// Conduct business analysis to align features and verify timelines.

TEAM + INFRASTRUCTURE

// Assign resources to team based on requirements.

// Orchestrate infrastructure.

BUILD

// Development based on sprint cycles and agile methodology.

ROLLOUT

// Deployment plan based on timeline.

// Create feedback loop.

// Reporting for business metrics as aligned to business objectives.

SOLUTION DELIVERY

// WHY CHOOSE US

Expertise: Leverage our deep knowledge in custom software development and AI application.

Customization: Get a solution tailored to your unique business needs.

Impact: Achieve measurable productivity improvements quickly.
